The University of Tennessee at Martin Faculty and Staff Newsletter | Jan. 19, 2026

Discovery Park of America held its Dr. Martin Luther King Jr. Day program Jan. 19 in its Dinosaur Hall. The keynote speaker for the program was Dr. Mark McCloud (left), vice chancellor for access and engagement, while the emcee was UTM first lady Rafielle Freeman. Also shown is Discovery Park of America CEO Scott Williams.

MLK Day program features UTM connection

Discovery Park of America held its Dr. Martin Luther King Jr. Day program Jan. 19, featuring two people with UT Martin connections.

The keynote speaker was **Dr. Mark McCloud**, vice chancellor for access and engagement, and the emcee of the program was UTM first lady **Rafielle Freeman**, who also serves on the DPA Board of Directors.

McCloud opened his address by quoting the Declaration of Independence: "We hold these truths to be self-evident: that all men are created equal, that they are endowed by their creator with certain unalienable rights –that among these are life, liberty and the pursuit of happiness."

He then quoted the first lines of "My Country, 'Tis of Thee" and the last phrase from the Pledge of Allegiance.

McCloud then cited Patrick Henry's

famed speech given to the Second Virginia Convention: "Give me liberty or give me death."

"Words have meaning," he said. "Words have power, but they also have responsibility and obligation."

"When I think about the Rev. Dr. Martin Luther King Jr., I think of a man who fought, who lived and died for liberty and justice for all."

McCloud said King's greatest legacy was not attached to a speech or a monument, but was attached to people who fought willingly for liberty and justice for all.

"In 'A Letter from a Birmingham Jail,' Dr. King reminds us that darkness cannot drive out darkness; only light can," McCloud said. "He reminds us that hate cannot drive out hate; only love can. He reminds us that a threat to justice anywhere is a threat to

justice everywhere.

"He reminds us that the time for change is now."

The program included musical selections by the newly-formed Discovery Park Community Choir.

The choir opened the program with "Lift Every Voice and Sing" and later sang an a capella version of "Wade in the Water."

Following McCloud's address, the choir sang a stirring rendition of "We Shall Overcome," followed by "I Need You to Survive."

The Dr. Martin Luther King Jr. Day holiday is celebrated on the third Monday of January and has been a federal holiday since 1986.

King was born Jan. 15, 1929, and was a prominent voice in favor of nonviolent activism for civil rights.

History initiative set up with UTM connections

UT Martin faculty and staff helped convene a recent meeting of the West Tennessee Heritage Initiative.

More than 30 individuals, representing 22 heritage organizations from nine counties participated in the event.

Hosted by the First Presbyterian Church of Jackson, the day included presentations concerning the preservation and use of church records in historical research and public engagement.

Dr. Alice-Catherine Carls, professor emerita from UT Martin's Department of History

and Philosophy, helped to build the program, drawing upon her own work as volunteer archivist at First Presbyterian.

Dr. Erik Nordberg, dean of the Paul Meek Library, coordinates the consortium and its activities.

The initiative began with an April 2023 convening of institutions that the Paul Meek Library surveyed for collections of historical records in the West Grand Division.

That project and the initial convening event were funded by a grant from the National Endowment for the Humanities and support from Tennessee

Humanities.

Since the first meeting, the consortium of archives, museums, historical societies and libraries has held four meetings in different West Tennessee communities.

Single-day events provide a low-cost alternative to statewide meetings.

In addition to presentations and training activities, the events include the opportunity for each organization to report on recent activities.

For instance, Linda Hayes, a participant from Haywood County, indicated at one of the

early consortium meetings that they were looking to establish a formal county archive in Brownsville, but didn't know the procedures required by the state.

Hayes and other community volunteers are now completing work on their new archival facility with a grand opening planned later this spring.

The next meeting of the West Tennessee Heritage Initiative is tentatively scheduled for May 9 in Selmer. Individuals may join the mailing list by contacting the consortium via e-mail at westtennheritage@gmail.com.

You Tell Me

- **Question** – At one point, faculty and staff were asked to have a photo taken to place with their information in the directory. It appears that the faculty and staff hired since then are not required or do not know to do so. It's helpful to put a face with a name.
- **Answer** – All new staff have an official headshot taken with the Office of University Relations as part of the orientation process, and this captures a majority of new employees. For faculty, the responsibility falls to the department or the individual faculty member to schedule an appointment for an official headshot. Headshots at UT Martin are free for all faculty and staff, and University Relations typically offers headshot days at least once a week on Mondays or Thursdays, depending on the week. Each session takes about five minutes. If someone in an office, department or college needs an official headshot, please encourage them to contact University Relations to schedule one. Anyone needing a headshot can reach the Office of University Relations at utmpphoto@utm.edu. After headshots are made, they are stored at www.utm.edu/photo and shared with Information Technology Services to be uploaded to the website. If an official headshot is not appearing in the website directory, reach out to University Relations at 731-881-7615 to help resolve the issue. When contacting us, please include your 960 number with your request.

Employee Engagement Town Hall set for Jan. 22

An Employee Engagement Town Hall meeting will be held at 2 p.m., Thursday, Jan. 22, in the Phillip W. Watkins Auditorium in the Boling University Center.

Dr. Debbie Stairs, director of human resources, will share the full university-wide results of the Employee Engagement Survey issued last year as well as plans based on the survey's responses.

"We'll celebrate what's working well, openly discuss remaining gaps – including feedback on recent changes – and outline clear, prioritized actions to strengthen our strengths and

address challenges," Stairs said in an email sent out to faculty and staff Jan. 7.

According to Stairs, engaged employees rose from 64.1% to 67.2%.

There were also strong improvements in department leadership, executive leadership and inter-departmental collaboration, she said.

According to surveys from last year and the year before, the statement "The University of Tennessee takes actions to improve employee engagement" jumped 8 percentage points in the most recent survey.

Stairs

Concerns indicated by survey participants included DASH software implementation (usability, training, support needs) and pay equity,

communication and training opportunities.

"These are real and important – and we're already listening," Stairs said in the Jan. 7 email. "Recent system-wide efforts (including enhanced DASH training/resources and targeted reviews) are helping, but we know more work is needed."

The town hall meeting will include specific action plans with timelines, owners and success measures (such as expanded DASH support, communication improvements and equity initiatives).

Faculty, staff honored for 10 years of service

Deadline to apply for Reagan Faculty Leave is Feb. 1

The UT Martin Alma and Hal Reagan Faculty Leave Program is designed to enable participants to become more effective teachers and scholars by engaging in a variety of academic or renewal experiences.

The deadline to apply for this leave is Sunday, Feb. 1.

Tenured faculty members with six or more years of full-time service at UT Martin are encouraged to apply for a one-year Reagan Faculty Leave at one-half salary or a half-year Reagan Faculty Leave at full salary.

Typically, the half-year leave will be awarded for the spring semester. However, in unique situations, a fall semester award may be considered. A faculty member who has been awarded a leave must wait a minimum

of three years from the end of a previous leave before applying for a subsequent leave.

Faculty Development Grant monies may be used to supplement activities engaged in during the Reagan Leave period, only as the travel relates to specified goals and objectives of the Reagan Leave. However, a faculty member is ineligible for a Faculty Development Grant for one fiscal year following culmination of the leave.

Faculty are eligible for only one Faculty Development Grant in the International Trust category, either individual or group (when funds are available) during an academic year.

Faculty are encouraged to apply for supplementary external grants or other

awards while on leave, as long as the additional resources do not interfere with the stated purpose of the Reagan Leave Program.

To apply, send one original and an email attachment of the signed application, cover sheet, proposal and current curriculum vitae detailing activities for the past five years. The electronic copy of the proposal should be submitted as a Microsoft Word attachment, and other supporting documents may be submitted as .pdf documents.

The Office of Research and Sponsored Programs oversees this leave program. Send questions about the Alma and Hall Reagan Faculty Leave to orsp@utm.edu.

'Coffee and Conversations' program returns to campus

The "Coffee and Conversations with the Chancellor" program enabling faculty and staff to meet with Chancellor Yancy Freeman Sr. will return to UT Martin this semester.

There will be three programs during the spring 2026 semester:

- Friday, Feb. 20, 10:30 a.m., Clement Hall main lobby, Clement Hall and Student Health Center employees.
- Tuesday, March 3, 10 a.m., Center for Student Engagement Suite, Boling University Center, Boling University Center and Student Recreation Center employees.
- Tuesday, March 17, 9 a.m., ITS Presentation Room, Crisp Hall.

Freeman described the program as a time of fellowship and information gathering.

"This will be an informal hour of casual conversation over coffee and an opportunity for me to engage with you and co-workers

Chancellor Yancy Freeman Sr. (at right) speaks at a "Coffee and Conversations with the Chancellor" session last year.

in your building to discuss current issues you are experiencing, personally and professionally," he stated in a letter to faculty and staff in each host building.

"It will also give you an opportunity to share your achievements, ask questions,

network, voice concerns, explore innovative ideas and incentives for moving forward in building up our university, reaching our goal of 10,000 students, and becoming more involved in the teamwork of accomplishing UTM's mission."

Library provides guide for publishing discounts

The Paul Meek Library has created a guide to help UT Martin faculty and departments save on publishing costs.

Through continuing negotiations with publishers to increase open-access support, the library has secured discounts and fee waivers on article processing charges (APCs) as part of existing subscription agreements.

The opportunities are listed in the guide ["Library Open Publishing & APC Discounts"](#) and included in the larger collection of [Faculty Resources](#) maintained by the PML.

This resource makes it easier for researchers to navigate the growing open-access landscape while reducing out-of-pocket

publishing expenses for individual faculty and their departments.
